Elizabeth Reeve	Part design, assembly 3D printing, documentation system designer, report writer	22%		

Disclosure

You may not submit AI-generated text that has been only lightly edited, such as changing word order, substituting words, or make superficial linguistic changes. You must rewrite the text entirely in your own words.

Be transparent about your use of AI by including a disclosure statement. Here is an example:

"In this project, which includes reports and slides, AI tools were utilized for grammar checking, language polishing, and generating text ideas. All content is original and written from scratch using our own words. Any other materials included in this project are appropriately enclosed in quotation marks and cited."
